11. The **My Books Shelf** window is displayed.

12. To be able to download an eBook and show it in this window, you need to enter its voucher code. Just click on the plus sign + of the **Voucher** box, and enter the voucher code provided by the publisher. After you enter the voucher code, the corresponding eBook will be displayed ready for download.

13. To start the downloading of your selected eBook, click on the eBook's thumbnail.

14. When the downloading is completed, the eBook will be displayed in **My Books Shelf** window.

15. Click on the downloaded eBook to open it. The book will start the loading process.

Now you can flip the eBook's pages using the left and right buttons or the left and right arrows keys of the keyboard.
